

## SHERATON FOUR POINTS

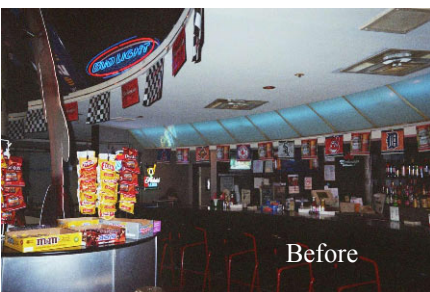

HUNTSVILLE, ALABAMA

The hotel is located inside the Huntsville Airport and is owned by the Airport Authority. The work was phased to keep the hotel operational while work proceeded. Phase I addressed the outdated bar. New buffet and dining seating were added in the space left by the removal

of the bar, creating a much more efficient and inviting space, and providing different seating options. Cherry stained veneer and millwork mixed with rich fabrics contrast the lighter, neutral wall covering used throughout the space.

Phase II addressed the existing offices, restrooms and restaurant area. The new Bar/Bistro and Lobby seating area were given an open, smooth-flowing layout. Meeting rooms and a boardroom were added in the space left by the demolition of the existing Restaurant. The same warm wood stains and vibrant colors were repeated in all renovated spaces, providing design continuity from space to space. The new Bar/Bistro has an open, friendly feel, giving guests the ability to order a drink or a bite to eat, without making them feel they are trapped in a traditional bar. Seating adjacent to the Bar/Bistro includes both low soft seating groups as well as bar height bistro tables.

**Scope of Work**

Lobby, Dining, Restaurant, Mtg. Renovation

**Construction Cost**

\$977,884 + 287,945 FF&E

**Work Started**

Feb 2007
